

Kent Mammal Group: Schools grant funding application form

Grant application guidance and conditions

1. Any requests made for schools grants funding can only be made by schools located within Kent.
2. Applications can be made by organisations from pre-school level right through to secondary schools.
3. Schools grant requests will only be considered where there is a clear educational benefit for students. Proposed project work or activities should specifically aim to improve students' understanding of wild mammals in Kent and should have a measurable output.
4. Applications are especially welcomed in relation to projects/activities which aim to contribute towards conservation of mammal species.
5. Recipients of schools grants are encouraged to provide the Kent Mammal Group with a write-up relating to the outputs of any funding received, which may be selected for publication on Kent Mammal Group's website, social media pages or in the biannual newsletter, *Quadrupedia*.

Name of educational institution.
