

Kent Mammal Group: Student grant funding application form

David Counsell Research Grant

Grant application guidance and conditions

1. Applicants must be a member of Kent Mammal Group in order to be eligible to apply for grant funding.
2. In order to qualify for funding, applicants must be a student within a Higher Education Institution and enrolled on an appropriate programme of study (e.g. FdSc, BA/BSc, MA/MSc, MPhil or PhD).
3. Research must aim to improve understanding of wild mammals in Kent. Applications are especially welcomed in relation to research which aims to contribute towards conservation of mammal species.
4. Students who are recipients of a Kent Mammal Group grant will be required to write a brief report (500 words max) summarising the main findings of their research. This may be selected for publication on Kent Mammal Group's website or in the biannual newsletter, *Quadrupedia*. Students will also be invited to give a presentation on their research findings at a Kent Mammal Group meeting.
5. Any equipment obtained using this grant must be offered back to the Kent Mammal Group once the proposed research has been completed.

Name of applicant.	
Title of proposed research project.	
Institution/organisation name.	
Outline of proposed research.	
When will the work be	

undertaken? (Please provide an indication of when project work will be completed).	
Amount of funding being applied for (<i>max. £250</i>).	
Reason(s) for application (include a breakdown of how funds will be used).	
How does the research benefit knowledge and understanding of mammals in Kent?	
Has funding been sought from any other organisation(s) for the project stated above? If so, please provide further details.	
Signature of student.	
Signature of project supervisor.	
Date signed.
